**PT. ALPHA GEMILANG MAKMUR**

*Plastic Industry*

Over two decades, PT. ALPHA CIKUPA MAKMUR has been a **professional extruded plastic** manufacturer in Indonesia, which focuses its specializations on three primary divisions such as hose or tube, pipe and profile. Since the company's establishment in 1989, PT. ALPHA CIKUPA MAKMUR has always been dedicated to providing our customers not only with **high quality** plastic products but also with **credible commitment** and excellent **customer service**.

To strive for continuous upgrades and innovations, PT ALPHA CIKUPA MAKMUR expanded its business to another plastic sector and established a sister company called PT. ALPHA GEMILANG MAKMUR in 2012. Under the brand name ALVAboard, the company is committed to providing innovative **corrugated plastic sheet** with the **highest quality standards** to follow the rapid changes of people's lifestyle.

With the help of **quality management system**, **guaranteed experience**, as well as **advanced technical support**, PT ALPHA GEMILANG MAKMUR is ultimately prepared to fulfill all of customer's specific needs of corrugated plastic sheet. By maximizing the practice of **eco-friendly** technology, PT. ALPHA GEMILANG MAKMUR also takes a part in challenging environmental issue to foster a **sustainable future** that benefits our community socially and economically.

## VISION

Being one of the largest and committed plastic producers in South East Asia that contributes to the growth of the nation while continually challenging the issue of global warming.

## MISSION

- Maintaining the finest quality and high-level efficiency of production by continuously improving the system of management and quality control
- Fostering innovation and creativity by utilizing know how and expertise to accommodate all varying needs
- Improving the quality of Human Resources to develop comprehensive customer service so as to increase customer satisfaction and loyalty
- Maintaining the production of recyclable plastic products that benefits our community socially and economically

ALVAbord is a **high-quality corrugated sheet** made from **premium-quality polypropylene** that is very **versatile** and suitable for various applications both indoor and outdoor. With numerous distinctive characteristics such as light, durable, printable as well as high-impact, water and chemical resistant, ALVAbord becomes an ultimate **alternative** of traditional corrugated cardboard and plywood.

By further understanding the limitations and inconveniences of conventional cardboards and other boxes, PT. ALPHA GEMILANG MAKMUR provides revolutionary corrugated plastic boxes, named ALVAbord.

ALVAbord is a custom-made corrugated box that is available in various colors, sizes and features where all the strong points of ALVAbord characteristics has ultimately made ALVAbord to become an **attractive** yet **cost effective** solution to **transportation** and **storage** concern in industrial field.

## SHEET SIZE

Thickness (mm)	Sheet Size* Width x Length (mm)
2.0	1250 x customized
3.0	2500 x customized
4.0	2500 x customized
5.0	2500 x customized

## AVAILABLE COLOR

Black	White	Blue	Green	Red	Brown	Gray	Orange	Yellow	Clear
-------	-------	------	-------	-----	-------	------	--------	--------	-------

\*Standard size : 1250 x 1500 mm  
2500 x 3000 mm

# THE FEATURES

## Durable

Endure against repeated bending and folding

## Eco Friendly

Recyclable

## Water Resistant

Absorbs almost no moisture ( 0.03% )

## Heat Resistant

Stands against high temperatures up to 130°C

## Chemical Resistant

Resists to chemical substances

## Hygienic

Does not produce dust like cardboard

## High Rigidity

Does not break or tear - high impact resistance

## Light Weight

The hollow form generates light characteristic

## Printable

Can be printed directly and laminated on the surface

## Food Grade

Safe for direct contact with edible products.

*\*special request*

## Stickerable

Easy to put sticker on

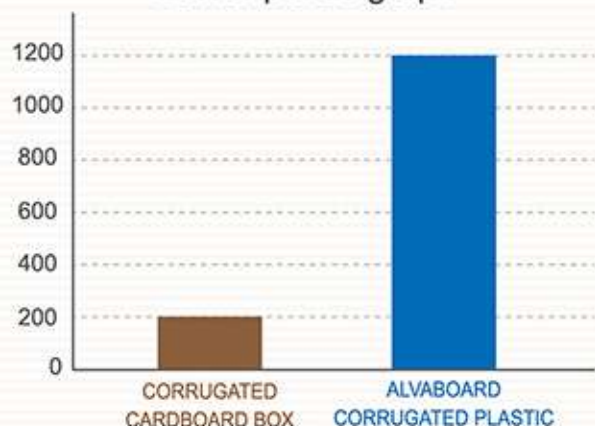

## Great Workability

Easy to cut, bend, punch and bond

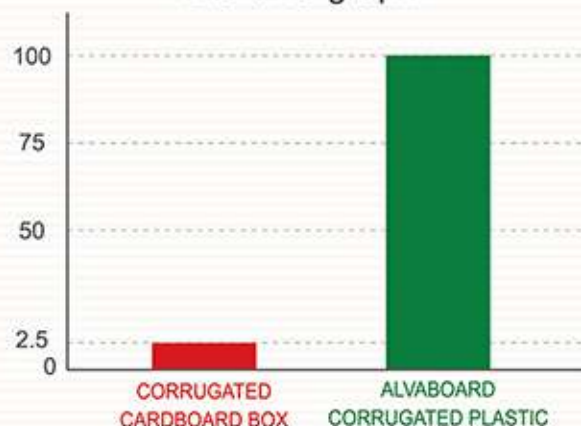

## PRODUCT COMPARISON

### CARDBOARD vs ALVABOARD

Box expense graph

Life-time graph

**The cost** of each ALVABOARD corrugated plastic is relatively higher than corrugated cardboard up to **6 times**, yet, the discrepancy of **the life-time** is extremely **far** where the ALVABOARD corrugated plastic can be reused up to **100 times** compared to 2.5 times for corrugated cardboard which eventually will benefit users from incurring hidden cost for long-term usage.

## VISUAL COMMUNICATION

ALVAbord®  
INNOVATIVE PLASTIC SHEET

### SIGNAGE AND POP DISPLAY

ALVAbord is the finest medium for displaying information and your corporate brand for the purpose of marketing or advocacy.

The excellent and smooth surface quality as well as its competitive price make ALVAbord the perfect choice among all other advertising materials in the visual graphic art industry due to its compatibility with all popular printing methods such as screen printing, digital printing, inkjet, and flexo.

## DIVIDER

ALVAbord®  
INNOVATIVE PLASTIC SHEET

### LAYER PAD

ALVAbord Layer Pad is made from high-quality Polypropylene sheet with all sides and radius corners perfectly sealed which make ALVAbord Layer Pad the perfect solution for any palletization purposes in beverage industry as a hygienic divider sheet between cans, glass and PET bottles.

ALVAbord Layer Pad is also eminent as a cost effective solution. Due to its durability, chemical and tear resistances, it can be reused for up to 50 cycles and can significantly reduce damage-rate of products during transit. It also has printable surfaces which makes it an ideal choice for promoting your corporate brand image.

## PLYWOOD ALTERNATIVE

ALVAboard is the finest one-stop solution for all plywood users in the industry in which their properties outweighed all plywood's conventional properties. ALVAboard properties, such as water-resistant, bugs-and-fungi free, unbreakable and unwarpable, offer an extra added value as well as higher customer satisfaction. The economical price and the cut-to-size advantage of ALVAboard will ultimately increase production efficiency as well.

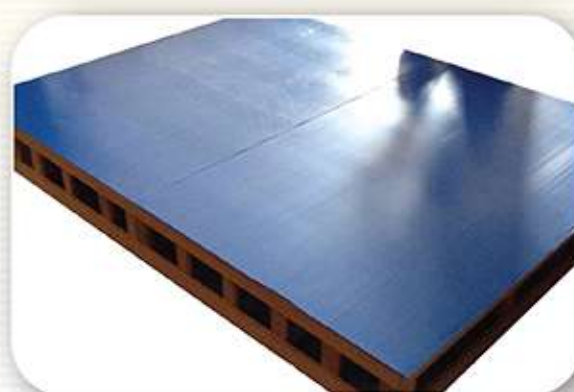

Property	Plywood	ALVAboard
Water-resistant	×	✓
Bugs and fungi free	×	✓
Unbreakable	×	✓
Unwarpable	×	✓

### Available size ( mm )

Width	Length
900	2000
1000	2000
1000	1600
1000	1800
1200	2000
1220	2440

## PERMANENT CONTAINERS

ALVAbOX<sup>®</sup>  
INNOVATIVE PLASTIC SHEET

### A-TYPE

ALVAbOX A-TYPE is supported by plastic frames and corners, preventing them from falling over when stacked on top of each other. The design of the box itself will assist users to handle and carry heavyweight objects, making it the most favourite type among the majority of users.

#### ADVANTAGES :

- Best for carrying heavy-weight objects.
- Stackable and equipped with plastic handles and corners.
- Light and high impact-resistance.

## PERMANENT CONTAINERS

ALVAbOX<sup>®</sup>  
INNOVATIVE PLASTIC SHEET

### B-TYPE

This unique ALVAbOX B-TYPE design is based on the "Japanese Lunch box" design which comes with removable lid. The design will help to keep the products inside the box clean as well as hygienic and prevent them from getting dusty.

#### ADVANTAGES :

- Best for storing dust-free products.
- Non-stackable and equipped with plastic handles.
- Light and high impact-resistance.

You can't use up creativity. The more you use, the more you have ( Maya Angelou )

あなたは創造性をアップする使用することはできません。

より多くのあなたが使用して、より多くのあなたを持っている(マヤ・アンジェロウ)

## FOLDING CONTAINERS

ALVAbOX®  
INNOVATIVE PLASTIC SHEET

**C-TYPE**

ALVAbOX C-TYPE design is similar to ALVAbOX A-TYPE yet, what makes it special is the foldable characteristic in which it enables the users to collapse it whenever they lack of rooms to store the containers just by simply pressing the bottom in a single touch

### ADVANTAGES :

- Best for users that have trouble with space to store light-weight objects.
- Stackable and equipped with plastic handles and four foldable corners.
- Foldable.

## FOLDING CONTAINERS

ALVAbOX®  
INNOVATIVE PLASTIC SHEET

**D-TYPE**

ALVAbOX D-TYPE type is the most similar to the original corrugated cardboard boxes which they not only can be broken down and folded for storage but also they are much more cost-effective due to the high durability and reusable features of the corrugated plastic box.

### ADVANTAGES :

- Best use as alternative to corrugated cardboard box for long-term usage.
- Tape-less.
- Durable and high impact-resistance.
