

Technical Data Sheet

Blue Masterbatch

#6151**► General**

This is a color masterbatch designed to provide a specific Blue colouring to PE & PP products.

► Composition

Article	Ratio (%)	Remark
PE	40~50	Carrier Resin
Color Pigment	12~18	
Others	30~35	
Total	100	

► Physical Properties

Article	Physical Propertiy	Remark
Melting Point	105~110 °C	
Melting Flow Rate	3g/10min	2.16kg @ 190°C
Specific Gravity	1.11	
Moisture Content	below 0.3%	
Appearance	Pellet	
Color	Blue	

► How to Use

Recommended Dosage : 3% (wt)

► Lifetime & Storage

Lifetime of this masterbatch is 12 months when stored in upopened original containers under max temperature of 35°C. Please avoid a direct sunlight.

► Packing : 25kg Bag
