

SPECIFICATION

Product Name: Fischer-Tropsch wax

CAS No. 8002-74-2

Grade: FW810

No	Tests	Unit	Specifications	Test method
1	Softening point	°C	100-105	ASTM D6090-99
2	Viscosity	CPS, 135°C	5-10	ASTM D1986-91
3	Penetration	dmm, 25°C	≤6	ASTM D1321-02A
4	Thermal weight loss	%	≤2	ASTM D721
5	Appearance		White	
6	Density	-g/cm ³	0.90-0.94	ASTM D1505
7	Physical form		Micro Beads	

Application: PVC, compound stabilizer, filler masterbatch, plastic, cable filler compound, coating, ink, paint, hot melt adhesive, shoe cream, lubricant, mold discharging agent, etc...

Packing: 25kg/bag, PP or paper bags

Declaration: the product is only used for industry, and the final data are based on the COA of the delivery products.
