PETRONAS

MFR 7

Density 900 **PROPELINAS COPOLYMER B300MG**

Polypropylene Impact Copolymer

DESCRIPTION

PROPELINAS COPOLYMER B300MG is a heterophasic copolymer for injection moulding. The product offers an excellent balance of stiffness, impact strength and processability

Typically applications are thin walled packaging, housewares and automotive parts.

CHARACTERISTICS include:

- Good impact resistance
- Good processability
- Good stiffness

APPLICATIONS include:

- Automotive
- Compounding
- Consumer products
- Rigid packaging

Product Properties	Test Method	Units	Value
Melt Flow Rate (230°C/2.16 kg)	ISO 1133	g/10 min	7
Tensile Modulus	ISO 527	MPa	1000
Tensile Stress at Yield	ISO 527	MPa	21.5
Charpy Impact Strength—Notched: (23°C, Type 1, Edgewise, Notch A)	ISO 179	kJ/m ²	45
(-20°C, Type 1, Edgewise, Notch A)	ISO 179	kJ/m ²	8

Typical Processing Conditions

N/A

AVAILABILITY

PROPELINAS COPOLYMER B300MG is available in 25kg bag and bulk bag. The product type and batch number are clearly marked on each bag.

STORAGE/HANDLING

PROPELINAS COPOLYMER B300MG should be properly stored in well ventilated environment at a temperature of below 50°C. Prolonged or improper storage can result in deterioration of product properties. The PETRONAS Chemicals Safety Data Sheet (SDS) contains important safety information and should be viewed before using the product.

HEALTH & SAFETY

PROPELINAS COPOLYMER B300MG is not classified as a dangerous preparation. Please refer to our Safety Data Sheet (SDS) for details on various aspects of safety, recovery and disposal of the product.

PRODUCT STEWARDSHIP

PETRONAS aims to increase awareness of all the hazards associated with the storage, handling and use of its products. Thoroughly reviewing the accompanying Safety Data Sheets and disseminating the information to all dependent and interested parties is an essential part of any 'Responsible Care' programme.

RELATED DOCUMENTS

The following related documents are available on request, and represent various aspects on the usability, safety, recovery and disposal of the product.

- Safety Data Sheet (SDS)
- Statement on chemicals, regulations and standards
